

## WITHOUT BLOODSHED

UBAN GOVERNMENT OFFICIALS  
APPEAR TO BE ANXIOUS TO  
END THE REVOLT.

RE NOT EASILY SATISFIED

HE INSURRECTIONISTS IN THE  
FIELD ARE RADICAL IN  
THEIR DEMANDS.

Havana, Aug. 27.—The anxiety of President Palma to extend every possible opportunity for peace without bloodshed, and his desire to permit those who joined the insurrection under misguidance to repent and return to their homes unmolested, combined with the general wish to end a situation fraught with so much loss and suffering, has led to consideration by the president and his cabinet of a project of decreeing a thirty-day amnesty period, during which the insurrectionists are invited to lay down their arms and return to their peaceful pursuits. It was proposed to issue the decree Monday, but persons close to the president strongly opposed the measure and the matter was deferred, and may be relinquished.

General Montalvo, who is now acting secretary of the interior, said to the Associated Press that at present there was no intention to issue an amnesty. Font Sterling, secretary of the treasury, said the matter was not being seriously considered, and other friends of President Palma declared it would be an unwise move.

So far as actual conflict went, Sunday proved to be a day of inactivity, and preparations proceeded. A fund of \$2,000,000 has been set aside for fence and drafts on it are heavy and instant.

The situation is so increasingly serious that it is tacitly admitted in all government circles that the enlargement of the army will continue indefinitely.

Scarcity of Labor Probable.

While the number of men at present leaving their regular occupations to fight for war is small, employers are beginning to find that they soon will be confronted with a considerable scarcity of labor. Many laborers are gathering in front of the bulletin boards on which are displayed President Palma's call for volunteers. They scuss the attractiveness of a soldier's life at such unusual pay, and any resolve to enlist.

It was learned Sunday that several law insurgent bands had taken to the road. The growth of the insurrection certainly seems to keep pace with the preparations for suffocating it.

Next to the progress of the combatants, the most interesting question seems to be how to end the war without fighting. Around the discussion centers much crimination and condemnation from both Liberals and moderates, each side bringing accusations as to the responsibility for the

## Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable; have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are restless, take Dr. Miles' Nervine; it soothes and strengthens the nerves, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work naturally. Try it to-day.

"I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spells of headache and neuralgia, and could sleep but very little. Every effort that was made to recover my strength was of no avail until I began taking Dr. Miles' Restorative Nervine. After I commenced to take the Nervine my sleep was profound and restful, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I grew gradually better."

rebellion. On one phase the Liberals seem so united as to suggest an understanding among them for taking advantage of the present situation to press upon the government a proposition that it ought, in some manner, to treat with them.

While no Liberals are in arms against the government, they admit countenancing the insurrection, though they always deny knowledge of any conspiracy. Interviews, statements and hints given out by the Liberals all point to the probability that the matter might be settled on the basis of the admission of leaders of their party to the councils of the government and some guarantee that in the future elections will be conducted with absolute fairness.

### Radical in Their Demands.

The insurrectionists in the field, who, of course, are far more radical in their demands, and who are important factors in this discussion, do not think of accepting less than the complete annulment of the last elections. All the Liberals would insist, under any circumstances, upon a general amnesty for all rebels. The government at this stage does not think of considering any of these tentatively suggested proposals. The fact is that the palace authorities were Sunday in a most hopeful mood. No advances from the Liberals have yet been made, however, that are at all likely to be considered before the government suffers some serious reverse and probably not even then.

All discussion of this sort leads inevitably to the subject of American intervention. If the conflict should last for a long time, intervention is considered to loom as a tolerably certain eventuality. If the government subdues the insurrection and chastises, wounds or kills members of the Liberal party, the feeling of rancor is expected to continue for years. If the insurrectionists prevail it is predicted that uncertain conditions are bound to continue.

Santa Clara is becoming a thorough insurrectionist province. Some villages have become wholly insurrectionist and even larger towns, in some cases, have taken up arms against the government. The attitude of the people is entirely a question of the attitude of the leaders. A former mayor of Trinidad has suddenly placed himself at the head of a band of 100 insurgents. The mayor of Las Cruces is leading a band from his town, consisting of 200 men.

Colonel Valos, who is in command of the government forces at San Juan de Martinez, is still waiting for orders and reinforcements.

The province of Havana is still kept nervous by unimportant encounters.

A band of young women living in Havana have offered their services as nurses and General Rodriguez, commander of the rural guard, has replied that he will be glad to avail himself of their offer if it should be necessary.

### GRAVE DIFFERENCES EXIST.

President Palma and Vice President Capote at Odds.

Havana, Aug. 27.—The Associated Press learns there are grave differences between President Palma and Vice President Mendez Capote. The latter is suspected of having considered with Senator Alfredo Zayas, president of the Liberal party, the question of whether peace could not be restored by Palma's withdrawal from the presidency, by permitting Mendez Capote to succeed him, and by giving certain posts to the Liberals. None of the parties concerned are willing to discuss this matter, but the source of the correspondent's information is entirely reliable.

Major Gomez of the government reports another engagement with insurgents near Cascabel Sunday in which several men were killed or wounded. Acting secretary of the interior Montalvo has recommended the establishment of a censorship, and it may soon be imposed.

A train from Havana bearing 150 recruits and forty rural guards reached Pinar del Rio Sunday and reinforced the government troops already there.

A band of 100 insurrectionists entered Las Lajas, Santa Clara province, Sunday and got away with the contents of the local treasury, \$8,000, and all the horses in town.

### WILD SHOOTING BY OUTPOSTS.

Alone Disturbs the Quietude at San Juan de Martinez.

San Juan de Martinez, Cuba, Aug. 27.—The past twenty-four hours have been quiet, except for shooting at night at imaginary objects by men on outpost. As a result of this firing two brothers, asleep in a farmhouse, were fatally shot.

The insurgent force under Pino Guerra spent the night and day at Galafre, six miles from here. No movement to attack has yet been made by either side. Ex-Governor Perez, a Liberal, visited Guerra Sunday and found him to be well informed as to what was going on. Guerra has 2,000 well armed men. Captain Pujales, with his artillery, constitutes the main strength of the government column here. The regular rural guards-

men are reliable and good fighters, but the recruits do not inspire confidence.

While the correspondent of the Associated Press was riding in toward the station at night he was fired on by half a dozen recruits without previous challenge.

Colonel Avalos returned here Sunday from Pinar del Rio and ordered the government forces to make ready for an advance.

### WILL BUILD TO DULUTH.

Canadian Northern Laying Plans for Extension.

Duluth, Aug. 27.—Port Arthur (Can.) reports that the Canadian Northern railroad is now actively laying plans for a line from the Canadian Head of the Lakes to Duluth. It has been recognized for some time that the Canadian Northern would ultimately take this step. It is understood that the road will run down through Cook and Lake counties from Guntit.

### LOUISIANA NEGRO LYNCHED.

Mob's Victim Attacked a Woman at Calhoun.

Calhoun, La., Aug. 27.—Alfred Schaufneit, a negro, was lynched here for attacking Miss Olive Chambers. Schaufneit was captured by a posse a few miles out of town and confessed. The following notice was posted upon the negro's body:

"This is a warning to all negroes who would attempt to force entrance to the apartments of white women."

### Mangled by a Train.

New Richmond, Wis., Aug. 27.—Mangled beyond recognition the remains of a man were found strewn along the Wisconsin Central tracks at Clarendon, a siding five miles west of this city, at daybreak. On the person was found a bankbook showing that Harry Harley had made a deposit in Norman Savings bank at Barron, Wis.

### Tammany Leader Favors Sulzer.

New York, Aug. 27.—In a statement given out Sunday night, Tammany Leader Julius Harburger declared he would be a delegate to the Buffalo convention and would take the platform and present for the Democratic nomination for governor the name of Congressman William Sulzer of New York city.

### Workmen Killed by Police.

Yudooka, Russia, Aug. 27.—After a meeting of workmen, which was addressed by Ex-Member of Parliament Michalichevko, shots were fired. This resulted in an encounter between the workmen and Cossacks and police, the latter firing nine volleys, which killed eight persons and wounded thirty-two.

### TROLLEY CAR HITS AN AUTO.

One Man Killed and Two Others Badly Injured.

Providence, R. I., Aug. 27.—A touring automobile containing seven persons was run down by a trolley car at Lakewood. The chauffeur, Oliver Labelle, was instantly killed and Almee Frazeeau, a liquor inspector of Fall River, owner of the machine, probably fatally injured, while George J. Pauquette of Fall River was severely hurt. The others escaped injury, though the machine was completely wrecked.

The car, going at a rapid rate, struck the automobile squarely in the middle, throwing it sixty feet down the track.

### TWO RECORDS BROKEN.

Sheridan and Flanagan Set New Marks for Athletes.

New York, Aug. 27.—Martin J. Sheridan of the Irish-American Athletic club Sunday threw the discus 134 feet, 4 inches, at the Irish carnival in Celtic park. This throw eclipses the mark of 133 feet, 11 inches, made by Sheridan last year in the Canadian championship games, and will constitute a new world's record. Another world's record was set by John J. Flanagan of the Irish-American Athletic club, who threw the fifty-six pound weight 43 feet, 5 inches.

### Soldier's Throat Cut.

Fort Benjamin Harrison, Ind., Aug. 27.—Quartermaster Sergeant A. Pierce of Company H, Second regiment, Illinois National Guard, is in the general field hospital with two deep cuts in his throat. His condition is critical. The hospital register shows Pierce "attempted to commit suicide while temporarily insane." Pierce says he does not know how he received his wounds.

### Minnesota Girl a Suicide.

Osakis, Minn., Aug. 27.—Frances Simunons, seventeen years old, is a suicide. The story of her life and self-destruction is one of the saddest told in this vicinity. Because there flowed in her veins the blood of a negro, her life at home with her white mother and stepfather became unbearable, and Frances ended it all by swallowing a quantity of strychnine. Dying, she declared that she could no longer endure incessant nagging because of her color.

## GENERAL MIN SLAIN

COMMANDER OF THE SEMINOV.  
SKY GUARD REGIMENT IS  
SHOT TO DEATH.

YOUNG WOMAN THE SLAYER

KILLS THE RUSSIAN OFFICER  
AND ALLOWS HIS WIFE TO EF-  
FECT HER CAPTURE.

St. Petersburg, Aug. 27.—Saturday's unsuccessful attempt on the life of Premier Stolypin, with its sickening useless slaughter of thirty-two persons, was followed Sunday night by another revolutionary outrage in which General Min, commander of the Semenovskiy guard regiment, and who, since his promotion to be a general, has been attached as a personal adjutant to the suite of the emperor, was killed on the station platform at Peterhof by a young woman, who fired five shots into his body from an automatic revolver, and then, without resistance, submitted to arrest. The capture of the girl was effected by General Min's wife, who held her until the arrival of an officer.

This was the third successive attempt on the life of General Min, who was condemned to death by the terrorists immediately after the Moscow revolt last December on account of stern repression practiced by a battalion under his command and especially for the

### Wholesale Execution

of persons condemned by drumhead courtmartial for being caught with arms in their hands.

General Min was returning from his summer residence at Peterhof and had just greeted his wife and daughter on the platform when a young woman—almost a girl—approached from behind and fired two shots into his back and then three more into his body as it sank to the ground. Further shots were prevented by Madame Min, who threw herself upon the murderer and seized the hand which held the pistol. The woman did not attempt to escape, but she cautioned Madame Min not to touch a handbag which she had placed on the platform before shooting the general, explaining that it contained a bomb.

To the police the girl acknowledged that she had done the deed, saying she had executed the sentence of the fighting organization of the Social Revolutionists, but she refused to give her name.

### Dismissed His Bodyguard.

By a remarkable mischance General Min only last week after the conclusion of the maneuvers at Krasnoye-Selo dismissed the bodyguard which had accompanied him since the first attempt was made on his life, saying that the ordinary police of Peterhof would be sufficient to guard him and his villa at Peterhof.

During the Moscow revolt General Min, who was then a colonel, commanded the First battalion of the Semenovskiy guard, which operated within the city itself.

The Second battalion of the guard, under the command of Colonel Riman, conducted repressions along the railroad to Kazan, for which acts Riman also was condemned to death. Undeterred by several attempts to execute this sentence, Riman accepted an appointment on the staff of General Skallon, governor general of Warsaw, after the bomb outrages at Warsaw, and left two days ago to assist in the suppression of anarchy in Poland.

### DEATH LIST INCREASES.

Thirty-Two Persons Killed by Bomb at St. Petersburg.

St. Petersburg, Aug. 27.—The daughter of Premier Stolypin, who was injured by the bomb explosion in the premier's summer home Saturday and who was erroneously reported to have died, is still alive and passed a quiet night under the effects of an opiate. The premier's son, who also was hurt, is better.

The telegram sent by Emperor Nicholas to M. Stolypin after the explosion was as follows:

"I cannot find words to express my indignation. I hope with all my heart that the health of your son and daughter will soon be restored and likewise that of the other persons injured."

The dowager empress inquired about the condition of the premier's children.

Two more persons injured by the explosion died during the night, bringing the total number of deaths up to thirty-two. Twenty-six persons were instantly killed.

The central committee of the Social

### FORAKER TALKS ON POLITICS.

United States Senator Discusses Situation in Ohio.

Washington, Aug. 27.—Senator Foraker, in an interview, discussed the political situation in Ohio, devoting considerable attention to the probable action of the approaching Republican convention in that state with respect to those of the congressional delegation who had differed from the president in some matters of legislation. He said:

"I am sorry to learn that the Republicans of Ohio are having some sharp controversies, but the subjects of difference do not seem to me very important. I cannot think, therefore, that there is likely to be any serious injury done to the party, whatever may happen to individuals.

"So far as endorsing me is concerned, that is not important to anybody except myself, and I shall try to accept with equanimity whatever may be the action of the convention.

"It is true I opposed the president's policy as embodied in the Hepburn bill, but not, as it is commonly stated in the newspapers, because I was opposed to governmental regulation and supervision of railroads, for the record will show that I did as much in that behalf as any other Ohio man in congress, but because I thought the Hepburn bill unwise, unjust and unconstitutional.

"My contention was that, under existing law, which I helped enact, having been a member of the sub-committee that framed it, especially if amended as it should be, every serious wrong of every kind practiced by the railroads can be remedied and that all evil practices can be broken up, as nearly as any law will enable us to break them up.

"Everything I said in that respect has been already fully justified and vindicated by the many successes the attorney general has met with in the numerous prosecutions he has instituted during the past nine months, until which time—long after the debate commenced—no one seemed to realize, not even the government's own officials, the excellence of the laws we already had.

"When somebody finds some evil practices that existing laws do not forbid and provide an expeditious remedy against and heavy punishment for, I may change my mind as to the correctness of my action—as to whether it was wise or not—but not until then."

## UNDER RESTRICTIONS

PEOPLE OF VALPARAISO NOT ALLOWED ON THE STREETS AFTER SIX O'CLOCK P. M.

### STATE OF SIEGE CONTINUES

GOVERNMENT HAS DRAWN UP AND PRESENTED A PLAN FOR CITY'S RECONSTRUCTION.

Valparaiso, Aug. 27.—A state of siege continues here and nobody is allowed on the streets after 6 o'clock in the evening.

There have been some accidents as a result of the use of dynamite in the blowing up of damaged buildings.

President Diesco has replied to an offer of the European banking firm of Rothschild to help sufferers, saying he hopes Chilean resources will be sufficient.

The government has drawn up and presented a project for the reconstruction of Valparaiso. In order to prevent the flooding of streets they will have a uniform level. The minimum width of streets, without counting sidewalks, will be fifteen metres. The government will pay cash for lands expropriated for this purpose and will facilitate loans to owners of lands thus taken. Customs duties will be suspended for eighteen months on construction materials.

The destruction by dynamite of menacing buildings is bringing out protests.

The bourse and commercial houses are not yet doing business and because of a lack of money the banks are forced to continue limited payments.

### RESULT OF BANK FAILURE.

Johaan Kindler the Second Person to Become Insane.

Chicago, Aug. 27.—Johaan Kindler, eighteen years old, Sunday became violent and alarmed passengers in a trolley car while brooding over the loss of \$80 he had deposited in the failed Milwaukee Avenue State bank. Kindler was arrested and held, pending an investigation of his sanity.

Kindler is the second person to become mentally deranged as a result of the bank failure. In addition three persons have committed suicide and one man fell dead following the flight of President Paul O. Stensland and the closing of the bank.

The police are still in the dark as to Stensland's whereabouts.

The gentleman selected by Congressman Duckman for the position of postmaster at St. Cloud seems to have given general satisfaction judging from

the following comment of the St. Cloud Times: "Whatever may have been the causes which brought about the recommendation for the appointment of C. D. Grinols to be postmaster at St. Cloud the choice is a most excellent one. We do not see how it could be improved. Mr. Grinols is a stalwart republican, loyal to his party at all times, a fact which is not open to criticism. But, what is of far greater importance, he is an honorable, upright man, fair in all his dealings, without a blemish on his business record, so far as we have ever heard, and is a good citizen."

Albert LaLond, who has had charge of the Ransford billiard hall ever since it was opened has resigned his position. He will return to Minneapolis to again take charge of the billiard rooms of the Minneapolis club, a position which he resigned to come here. Albert was a

great favorite with the patrons of the place and will be missed. His place here is taken by Ed Hoffman, of Minneapolis, who is now in charge. Mr. Hoffman is said to be one of the fastest billiard players who ever struck Brainerd and is a pleasant appearing young gentleman. Mr. LaLond left for Minneapolis today.

BROKE GROUND FOR CHURCH

White Brothers Begin the Excavation for the Basement to the New Baptist Church

WORK WILL BE RUSHED HARD

Every Effort will be Made to Complete the Exterior Before Cold Weather

White Bros. never let the grass grow under their feet when they have a building contract on hand and a crew of men and teams went to work this morning on the excavation for the new Baptist church. They will rush the work with all possible speed in order, if possible, to get the mason work, at least on the foundation and walls completed before cold weather sets in. It is not known just how soon the work on the walls will begin, but as quick as the contractors can get the material on the ground and the excavation finished. The building will be built of Brainerd red brick so that there will doubtless be no delay in getting that part of the material.

Men Past Sixty in Danger

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." MR. AND MRS. W. F. DURHAM.

A DANGEROUS MISTAKE.

Brainerd Mothers Should Not Neglect Kidney Weakness in Children.

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.

'Tis a mistake to neglect these troubles. To blame the child for its own distress. Seek to cure the kidneys—Save the child from deadly kidney ills. Doan's Kidney Pills cure sick kidneys. Brainerd parents recommend them.

Mrs. S. T. Swanson, of 409 Ninth St. S., Brainerd, Minn., says: "We think a great deal of Doan's Kidney Pills. We recently got a supply at H. P. Dunn & Co.'s drug store for two of our children who were suffering from weakness of the kidneys. They were both quickly benefited by the use of Doan's Kidney Pills and it was only a short time after beginning the treatment when the irregularity of the kidney secretions was corrected and the distress and annoyance removed. Parents should appreciate the value of Doan's Kidney Pills in cases of children afflicted with kidney weakness. Their action is quick and sure and they are absolutely harmless."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

AMUSEMENTS

"Parsifal."

"Parsifal," which created such a sensation last year in all the large cities, is a mystic play, based upon one of the popular legends of the middle ages and wrought into the most attractive literary form by such medieval singers as Chretien de Troyes and Wolfram von Eschenbach. That curious body of mystical romance which grew up between the years 1170 and 1220, and which is known as the Grail cycle, forms the legendary background of the tale. The "Parsifal" story is but one of the many romances in which the sacred Cup, which received the blood of the Savior, is the pivot about which the action revolves.

The prime significance of the drama is in its exposition of that theme which Schopenhauer has made the subject of one of his greatest works. "The renunciation of the will to live," or altruism; the sacrifice of self for another.

Mgr. Walker intends, if possible, to bring "Parsifal" here this winter.

See Wonderland, too.

Wonderland, the twin city amusement park, should not be overlooked by state fair visitors. Last year fully 75 per cent of them visited the park and were delighted with it. This season \$50,000 has been expended upon improvements and some of the new features are: The remodeled chutes, the Johnstown flood, Third degree, South Land, Tours of the world, Arcadia and the Mystic World.

The infant incubator institute, where by the means of an artificial mother the lives of immature babies are saved is another feature of especial interest.

Wonderland has fifty amusement attractions, and is beautifully illuminated by electricity and presents a free program of aerial and acrobatic acts, band concerts, fireworks, etc. It is easily reached from the state fair grounds or from either city by taking cars by the Selby-Lake interurban.

PULAJANE BAND BROKEN.

Main Force of Insurgents Split Up In  
to Smaller Bodies.

Manila, Aug. 27.—It is officially re-  
ported that the main band of the  
Pulajanes has broken into smaller  
bodies.

A general movement of 1,000 troops  
and 300 constabulary through all parts  
of the disaffected region is planned. A  
part of the province of Leyte, south of  
Buyog bay, has been cleared of Pula-  
janes. There is no disaffection on the  
west coast except a few bands, which  
have escaped the soldiers. On the  
east coast native volunteers are bring-  
ing in prisoners. Governor Veyra re-  
ports that hundreds of natives have  
volunteered to help the troops.

There is more Catarrh in this section of the  
country than all other diseases put together, and  
until the last few years was supposed to be in-  
curable. For a great many years doctors pro-  
nounced it a local disease and prescribed local  
remedies, and by constantly failing to cure with  
local treatment, pronounced it incurable. Science  
has proven catarrh to be a constitutional disease  
and therefore requires constitutional treatment.  
Hail's Catarrh Cure, manufactured by F. J.  
Cheney & Co., Toledo, Ohio, is the only constitu-  
tional cure on the market. It is taken internally  
in doses from 10 drops to a teaspoonful. It acts  
directly on the blood and mucous surface of the  
system. They offer one hundred dollars for any  
case it fails to cure. Send for circulars and test-  
imonials.

### BRAINERD TWENTY YEARS AGO

Dispatch Files of Twenty Years  
Ago this Week.

The following marriages were reported:  
Chas. J. Bowley and Miss May  
Buhl; Frank Thornwaite and Mrs.  
Sarah E. Parch; P. A. Erickson and  
Anna M. Larson; and C. L. Warner and  
Carrie Titus.

Sheriff Mertz had to spirit away the  
man "Red Ray" who shot Dolan, a bar-  
tender, to prevent a mob lynching the  
prisoner. The man was taken out of  
the jail and sneaked around through  
East Brainerd, walking about five miles  
until they met the sheriff's team south  
of town. The man was taken to Fort  
Ripley and placed on the train by Sher-  
riff Mertz and taken to St. Paul by that  
officer and placed in the Ramsey county  
jail to await trial.

The board of education held an ex-  
amination for teachers for the Brainerd  
schools. The board consisted of O. H.  
Hubbard, Walter Courtney and E. J.  
Brownson.

Wm. Durham, who was then baggage  
man at the Northern Pacific depot, went  
to New York for a visit and W. H. On-  
stine handled the trunks and checks  
during Durham's absence.

The death of Little Ralph Frater, son  
of Mr. and Mrs. A. W. Frater, was re-  
ported. They then lived in Kansas.

Omer Wright was up from Como over  
Sunday to visit his parents.

### Cattle Under the Hammer.

The auctions of purebred livestock at  
the Minnesota state fair always prove  
very attractive both to buyers and  
spectators and this year, as they are to  
be held in the immense new livestock  
amphitheatre, they will prove more  
popular than ever. Large plans are be-  
ing made for the sales. This year there  
will be three instead of two as for  
several years past. The program is as fol-  
lows:

Tues. Sept. 4—Sale of 50 head Aber-  
deen-Angus cattle.

Wed. Sept. 5—Sale of 50 head Here-  
ford cattle.

Thurs. Sept. 6—Sale of 50 head Short-  
horn cattle.

The Shorthorn sale will be conducted  
by the American Shorthorn Breeders'  
Association and the other two will be  
under the management for the fair, of  
W. C. McGavock, of Springfield, Ill. It  
is expected that there will be a similar  
sale of horses in one or more classes.

### CHILDREN ARE EXCLUDED.

Will Be Deported From the United  
States.

New York, Aug. 27.—The case of the  
forty Russian Hebrew children who  
arrived here Saturday on the steam-  
ship Amerika was heard by the board  
of special inquiry at the immigration  
station on Ellis Island Sunday and the  
board after deliberation decided that  
the children should be excluded from  
this country. Accordingly their de-  
portation was ordered. This, how-  
ever, is not final and the case has al-  
ready gone on appeal to Washington.  
The children, all of them made or-  
phans by the recent massacres in Rus-  
sia, were gathered from the centers of  
the recent trouble and brought here  
in charge of Mrs. Sophie Perlmann of  
Berlin. Wealthy Hebrews of this city  
supplied the funds and secured homes  
throughout the country where the  
children could be sent.

The orphans were brought before  
board No. 2, of which Inspector Par-  
bury is chairman. Secretary Wald-  
man of the United Hebrew Charities  
appeared in behalf of the children. He  
said they would be well cared for,  
educated and looked after, and that  
there was no chance that they would  
become charges of the public.

Mr. Waldman said that the case  
would be appealed and a decision is  
expected in a few days.

In the meantime the children will  
be well fed and well cared for on Ellis  
Island.

### IMP OF INDIGESTION.

How to Get the Better of this Cause of  
Misery.

A scientific writer upon stomach  
troubles says: "If you have ever suf-  
fered from indigestion,—and who has  
not?—your imagination has probably  
pictured a ferocious little imp dancing  
in the pit of your stomach, causing that  
organ to neglect all of its duties, with a  
result that is not only painful but fills  
you with misery from day to day." This  
writer certainly had suffered from in-  
digestion, for there is no more dis-  
agreeable, nerve-racking and sick-all-  
over disease than indigestion.

A great many people who have been  
troubled for years for diseases of the  
heart, liver or kidneys, when they used  
Miona stomach tablets found that not  
only did Miona cure the stomach dis-  
order, but it made them well all over  
and the other troubles were also cured.

If you suffer with nervousness, sleep-  
lessness, indigestion, sick or nervous  
headache, pains in the back or sides, get  
a 50c box of Miona from H. P. Dunn &  
Co., and take one of the little tablets  
before each meal. It will do you a  
world of good and you will soon be well  
and free from indigestion, and its sym-  
ptoms. H. P. Dunn & Co. have so much  
faith in this medicine that they give an  
absolute guarantee with every box.
